

Sabuk is positioned on the edge of the Laikipia plateau overlooking the Ewaso Nyiro River. The 5 uniquely designed cottages all have river-facing views and all have ensuite bathrooms. The cottages are crafted from local stone and ancient cedar and olivewood from the local area. The main dining and living area also over looks the river. Sabuk can also be used for full walking and camel assisted walking safaris as guests can choose to spend the night in the lodge or a fully equipped fly camp.
